Bernstein, a research firm, reckons that in the right conditions solar, measured by thermal units produced, is already cheaper than both oil and Asian LNG, despite the recent dip in the oil price.

And say in your international business. Mobily is a good business and increasing ownership there could be a positive move.

A respondent’s failure to provide an explanation for a statistically significant pay pattern should result in a “cause” finding.

A common argument for synthetic preservatives used by large companies is that they are essential to cost-effectively formulating, manufacturing and distributing their products.

The results show that 9.1 of Colombians have used illegal drugs at least once in their life, while 2.7 said they had done so in the past year (2007-2008, following the study).
